pyramid  
INTERNATIONAL

# MUSIC

# 2022

From modest beginnings in 1992 as a wholesaler of pop culture posters, Pyramid international has developed into the thriving multi-national organisation that it is today. 2022 is a pivotal year as we celebrate our 30th anniversary with an ever-expanding portfolio of licences covering a multitude of genres.

Our centrally located Leicestershire Head Office and manufacturing hub is the beating heart of a multi-national operation with offices spanning the globe, including the USA, Australia, China (including a Hong Kong showroom), Germany, France and The Netherlands.

Our products range from stationery to hydration, apparel to wall art – and so much more in between. Our exciting licencing family includes Disney, Warner Brothers, Stranger Things, Star Wars, PlayStation, Marvel, Universal Pictures and Nintendo, as well as an extensive portfolio of music artists, anime and pop culture favourites.

This catalogue is just the tip of a very large iceberg and highlights just a snapshot of our range. For a complete and up-to-date product offering, please visit us at:

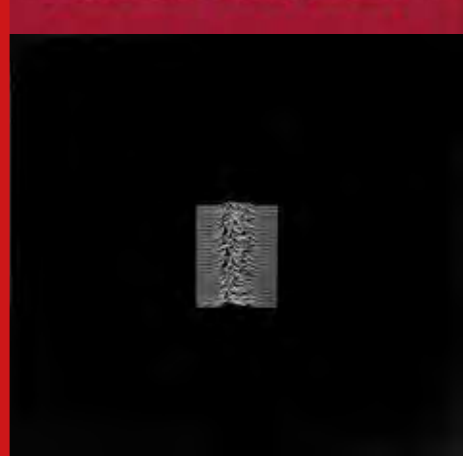

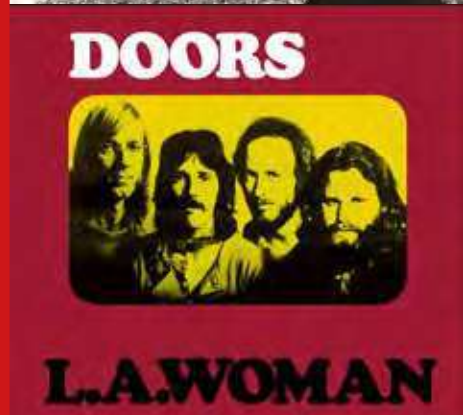

[www.pyramidinternational.com](http://www.pyramidinternational.com)

You can also follow us on these social media channels:

Music has always been a huge part of Pyramid International's world – from the early days of posters, right up to more recent innovations such as our new record slip mats. Spanning the decades from the 1960s right up to the present day, with a range of merchandise from classic artists such as David Bowie, The Rolling Stones, Pink Floyd, Nirvana and many more, we cater for numerous tastes with many genres represented, from heavy rock to pop! Posters are still a large part of our music-based offering, but when you delve into the Pyramid range you will find so much more! A wide variety of music merch is available - drinkware, stickers, stationery, keychains, badges, framed prints and canvas all feature in the range.

This year we have joined the vinyl revolution with our new record slip mats! With both protective properties for both vinyl and turntable, as well as improving the DJing and mixing experience – they make a fun and practical gift for the vinyl enthusiast.

## Welcome to our Music 2022 brochure!
